Table of Contents

1. City Profile - Rajkot.....	6
1.1 Demography.....	6
1.2 Urbanization.....	7
2. Heat Waves and Need for Heat Action Plan	7
2.1 Heat Waves	7
2.2 Heat Waves in Rajkot	9
2.3 Impacts of Heat Wave.....	10
2.4 Need for Climate Adaptive action plan in Rajkot.....	11
3. Climate Adaptive Heat Action Plan for Rajkot	13
3.1 Introduction	13
3.2 Climate change in Rajkot	13
3.3 Thermal Hotspot Maps for Rajkot.....	15
3.4 Identification of Ward- level vulnerability- Rajkot.....	16
3.6 Wage and Productivity Loss due to Heat Stress	17
4. Mapping of Heat Hotspots.....	20
4.1 Ward level Thermal Heat Spots	20
4.2 Identification of Urban Heat Islands	22
5. Vulnerability Mapping.....	24
5.1 Vulnerable Areas.....	24
5.2 Vulnerable Groups During Heat Wave.....	24
5.3 Ward Level Vulnerability zones.....	26
6. Heat Action Plan — Strategy, Roles and Responsibilities	29
6.1 Strategy and Components of Heat Action Plan	30
6.2 Medical emergency preparedness.....	31
7. Adaptation and Mitigation Measures	34
7.1 Short and Medium Term Measures	34
7.2 Long term Measures	35
7.3 Capacity Building.....	36
7.4 Heat Wave Advisory.....	36
DOS AND DON'TS FOR DURING HEAT WAVES.....	36
8. Implementation of HAP	38
8.1 Roles and Responsibilities in Phase 1 (Pre-Heat Season January through March).....	39
8.2 Roles and Responsibilities in Phase 2 (During the Heat Season March through July).....	41
8.3 Roles and Responsibilities During Phase 3 (Post-Heat Season July through September)	45
Conclusion.....	51

References	51
Annexure 1 - Climatology.....	54
Annexure 2 –	62
Impact of Heat Stress on Health, Livelihood and Productivity	62
Annexure 3 –	68
Local Factors of Vulnerability and Adaptation Strategies.....	68
Annexure 4 - Assessment of Ward Wise Vulnerability	75
